

# RED RIVER FRACK

Sung to "Red River Valley" New words by Mainstreet Moms & Occupella

D

Please don't frack up our land in the Valley,

A7

We must leave all that oil in the ground,

D

G

Why not use other ways to get power?

A7

D

Lots of sunshine and wind all around!

Come & sing for this land if you love it,  
Come and rally with thousands to say,  
"Gov'ner Brown, you had best pay attention,  
We must ban fracking, starting today!"

Occidental Petroleum wants profits,  
They don't care if they poison our state,  
But if all of us shout out, "No Fracking!"  
We can ban it before it's too late!
