

Move My Money On

Tune: Done Laid Around; New lyrics: Nancy Schimmel

Chorus:

**Banksters have played around with my account too long
Th'economy's almost gone and worse is comin' on
Banksters have played around with my account too long
And I feel like I'll move my money on**

**Wall Street does the crime and we are getting caught
Wall Street banks are gamblers, local banks are not
Wall Street does the crime and we are getting caught
And I feel like I'll move my money on**

Chorus

**Time to put that nest egg in a better nest
Find a credit union, they're the very best
Time to put that nest egg in a better nest
And I feel like I'll move my money on**

Chorus

**When I'm buying local, don't use my credit card,
The fees the bankers charge hit the little stores too hard,
When I'm buying local, don't use my credit card,
And I feel like I'll move my money on**

Chorus
