

OCCUPATION HARD TRAVELING

(Original by Woody Guthrie, new words by Hali Hammer)

I been doing some hard traveling, I thought you knowd
I been doing some hard traveling way down the road
I been doing some hard traveling, hard rambling, hard gambling
I been doing some hard traveling, Lord

I been singing with Occupella, I thought you knowd
I been singing to Tax the Rich - on Solano
Passin' songbooks, marchin' and rallyin',
Playing for causes, I ain't been a-dallyin'
I been doing some hard traveling, Lord (Chorus)

I been workin' to stop foreclosures, I thought you knowd
I been workin' for homes and health care way down the road
Folks been laid off, folks been a-fired,
Greedy corporations sure get you tired
I been doing some hard traveling, Lord (Chorus)

I been singing at Occupations, I thought you knowd
I been working for jobs and justice way down the road
Folks in the street, the Interfaiths prayin',
Students strikin', cops pepper sprayin'
I been doing some hard traveling, Lord (Chorus)

I been workin' 'gainst corporations, I thought you knowd
To get them to pay their fair share way down the road,
They pay no tax, not one red cent 'cause they side with the 1%
I been doing some hard traveling, Lord (Chorus)
