

RED HOT PEPPER

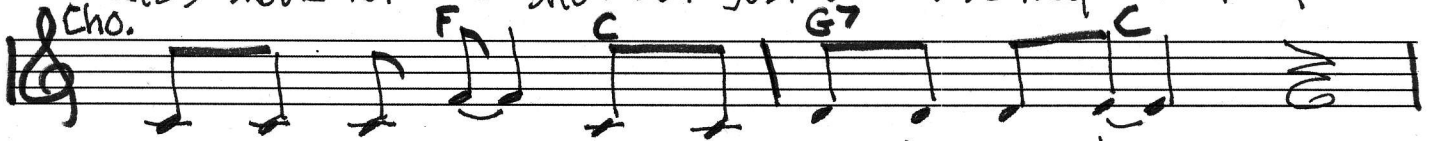

© 2011 by Nancy Schimmel

Free ed-u-ca-tion is the de-mo-cra-tic way.

Kids should not be shut out just be-cause they can't pay.

This school is our school, this space is our place,

Get your red hot pep-per out of our face.

You may own the papers
The TV stations too
But we've got your cops on youtube
Doing things they shouldn't do.
Chorus

We don't own the papers
But we can write the rhymes,
When you whack a poet laureate
He's in the New York Times.
Chorus

We're the 99%
We're not as rich as you
But some of us are lawyers
And some of us will sue.
Chorus
