

Take Me Out Of The Big Banks

(Take Me Out To The Ball Game) words by Betsy Rose 2011

**Take me out of the big banks
Take me out of their game
The credit union can have my dough
I'll cut up my credit cards, pay as I go
And it's root root root for the small banks
We'll give them our business and thanks
And it's 1, 2, 3 million more and we'll close big banks**

**Let's go occupy Wall Street
In every city and town
We'll occupy houses the banks foreclosed
Make sure that no one's left out in the cold
And it's root root root for the new world
We're building right here today
And it's 1, 2, 3 billion more! It's a new ball game.**
