

LEAVE IT IN THE GROUND

by Anna Fritz

Coal, oil, gas
none of these shall pass.
Leave it in the ground
and turn the trains around. X2

Cascadia is a place of great power.
We stand at the mouth of the river,
rooted to the land and its people,
we turn the trains around. X2

Coal, oil, gas
none of these shall pass.
Leave it in the ground
and turn the trains around.

We are a people awakening.
We are a people reclaiming.
We are a people demanding:
turn the trains around! X2
