

Nut Job

Words by Paul McKenna, © 2025, (Tune: “Love Man” by Otis Redding)

I'm a nut job, I'm an absolute nut job.
I'm hear to tell you, I'm a nut job, an anti-vaxxer and a nut job.
I am one of the Kennedy males.
At some point I went off the rails.
All my enemies said I'd fail,
But in the end, I prevailed.
Though I'm a nut job.
They didn't mind that I'm a nut job.
Trump gave me the nomination.
The Senate voted to approve me.
Now I'm stepping up to power.
Who knows what damage I might do?
Cause-cause-cause-cause-cause I'm a nut job.
I'm a genuine nut job.
I'm a bonafide nut job,
I'm a sure-enough nut job.
They overlooked my craziness,
Made me the leader of HHS,
Now I intend to make a total mess,
'Cause I'm a nut job, I have to confess.
Yes, I'm a nut job, I'm nothin' but a nut job.
(Sax break)
Nut job, that's what I am, I'm just a nut job,
Stone goofy, I'm a nut job, plain loony, I'm a nut job.
They put me in charge of the FDA,
Put me in charge of the CDC,
Put me in charge of Medicare.
I may just flush it all down the tubes.
'Cause I really am a nut job, I'm an out-and-out nut job.
I'm a nut case, a total flake,
I'm a nut case, a total flake,
I'm a nut case, a total flake,
I'm a nut case, a total flake.
